THE IG BB POLICY

Guidelines on principle, protocol, and procedure for the IG policy on Building Bridges (BB) for Reconciliation, Collaboration or Unity with Ambazonian entities.

1

INTRODUCTION

President Marianta Njomia of the Federal Republic of Ambazonia in her inaugural speech announced as one of her actionable missions in her new Administration, Building Bridges (BB). BB is the act of bringing Ambazonian pro-independantists together as a whole to work in harmony for the attainment of the complete and unconditional restoration of the independence of the Former British Southern Cameroons aka Ambazonian. Before her takeover, the struggle was punched with surrogacy, different types of phobias, abuse of institutions and non-respect of the interim constitution. Ambazonians working both as individuals or working as entities (groups, movements, associations, organizations) have been working in silos politically, economically, diplomatically and self-defense. This has fractured, fragmented, and polarized the liberation struggle, consequentially delaying the expected international support, sympathy, and intervention. A clear proof as guest speakers and seasoned diplomats on our platforms keep advising the leaders of the struggle

to come together as **one people, one struggle and one nation**. Several advices from Ambassador Tibor Nagy on ABS TV as an example. It is on this backdrop and on the notion and conviction of the strength of the collective will that, president Marianta's Government took up that challenge to engage selflessly and patriotically in build bridges (BB).

However, as explained above, the intentions are good, but the methodology on her to execute the task need appropriate guidance to facilitate engagement in BB on behalf of the IG by any Ambazonian citizen, especially by IG portfolio holders.

PRINCIPLE

The IG is OPEN to building bridges of reconciliation, collaboration, or unity with any Ambazonian entity (individual, group, movement, association, organization) that meets the following two obligatory prerequisites:

- 1) Existence of evidence of an OPEN DECLARATION that the Ambazonian entity in question stands for the total and unconstitutional INDEPENDENCE of the Former British Southern Cameroons aka Ambazonia.
- 2) Documented evidence or TRACT RECORD of the Ambazonian entity (individual, group, movement, association, organization) FIGHTING the enemy LRC Diplomatically or/and Legally (Litigation) or/and by Advocacy or/and militarily through the self-Defense actions of their forces in Gz.

PROTOCOL

Strategic Collaboration is constitutionally delegated to the Department of Education and Strategic Collaboration (DESC), and the responsibility to engage in the IG BB mission has been mandated to DESC through their mission statement. DESC through the SOS and the D-SOS for Strategic Collaboration will therefore be the official intermediary organ to do preliminary evaluation on any suggested arena or domain or opportunity for BB with any Ambazonian entity.

PROCEDURE

The following steps will serve as guidelines on how the BB task can be attained.

- Contact DESC to share or suggest the potential entity to engage for the BB mission. In cases where any Ambazonian entity contacts any cabinet member on their willingness to BB, the contacted cabinet member should direct them

to DESC as the body assigned with the task. We must avoid any background arrangements that does not follow the path laid down by the IG on the Guidelines for BB.

- Wait for DESC to undertake verification of the existence of the 2 obligatory prerequisites and give you nulla osta to proceed with the Ambazonian entity.
- DESC approaches them on the importance of reconciliation, collaboration, unity in purpose.
- DESC identifies the potential type of bridge (reconciliation or collaboration or unity), the potential working domains (Diplomacy, Humanitaria, Litigation, Defense etc) and the category (political or military) and present to the Cabinet for adoption.

If the Ambazonian entity accepts to talk, DESC shall organize a meeting with the President and/or VP to officialize the intent of BB.

- Cabinet evaluates and presents intent of BB with the said entity to the SLC for approval then the President ratifies the RC on the ongoing BB mission with the Ambazonian entity in question.
- The President then officially delegates the appropriate IG department or directorate or tier or arm to craft a MOU with the Ambazonian entity that will be signed by the President on behalf of the IG and the executive leader or head of the Ambazonian entity.

3

PRONOUNCEMENT

Public pronouncement by IG officials in public fora or on state TV or state subvention TVs can only be made after the signing of the MOU.

UPDATE AND FOLLOW-UP

The IG tier directly involved in the MOU will frequently update the Cabinet and, as need be, the Ambazonian people on the level of progress.

OPENNESS

Our openness to BB should be governed by the following expected attitude from IG officials:

- Consoling and reconciliatory messages in all communications to the people of Ambazonia, be it through activism, TV communications, meetings or interpersonal relations.
- Frequent reminders to our people on why they took up the course as a people.

CONCLUSION

The presidency of the IG-FRA would like this BB effort to be well coordinated so as to get a buy-back price on support and sympathy from the international community going forward as well as to collectively empower our strength as one people in the prosecution of the liberation struggle.

These Guidelines were adopted during the IG cabinet meeting of 11.05.2022, handed to DESC on the 12.05.2022, and are subjected to periodic review every 3 months or as need arises.

Signed,

Mrs. Marianta Njomia
President, IG FRA.
