**THE INTERIM GOVERNMENT’S (IG) ACCOUNTABILITY AND ACTION POLICY**

**IG’s AA Policy**

**“90-10-0% Funding Policy”**

**Definition**

The AA policy is one of the main binding policies to ensure accountability in the management of financial resources, with the objective of stabilizing the financial management of the liberation struggle and fast-tracking the liberation of homeland.

**Genesis**

This policy is adopted based on the need to increase financial availability required to reinvigorate and maintain firepower in Ground Zero (GZ), as well as to preemptively close all loopholes for embezzlement, misappropriation or siphoning of funds meant for the prosecution of the liberation struggle by diaspora leadership or officials of any Ambazonian independentist institutions or entities.

**Rationale**

Meticulous ACCOUNTABILITY will increase financial availability for Ground Zero and Ground One (GZ-G1) needs and consequently increase the probability of effective delivery in GZ-G1, especially for project-based engagements sponsored through a sustainable fund generation model, hence increase, and maintain ground ACTION.

## Premise

To embark continuously on increasing the availability of financial resources for all Ambazonia Restoration Fighters (ARF) with track records of fighting the enemy and for all victims of the Ambazonian liberation war through:

- a) Cutting unwarranted expenses and stopping any incentive for services rendered by diaspora leadership, officials, or stakeholders. No salaries/stipend for IG officials. We should all be sacrificing. Our ARF are sacrificing their lives for us pro bono, hence financial sacrifices meant for the liberation struggle can't be engaged to secure a stipend for any Ambazonians in the diaspora.
- b) No intermediary diaspora transfer of funds meant for GZ-G1 actions.
- c) Adopting a project-based Fundraiser, Coordination, Delivery and Reporting model.
- d) Institute and build a sustainable fund generation model that guarantees a constant budget in the management of the liberation struggle.

## Objectives

- Leadership for, by and of the people, hence a leadership answerable and accountable to the people and to our ARF for the hard-earned money.
- Prioritize our resources to defending the lives, dignity, and integrity of all Ambazonian citizens.
- Close all loopholes of embezzlement or misappropriation of funds, as well as avoid potential bounty hunters' intentions or attempts to generate income for themselves from funds destined to prosecute and manage the liberation struggle in GZ and G1.
- Give the sponsors of the liberation struggle a trustworthy tool of assurance on accountability in the management of their hard-earned money.
- Build trust in the commitment and subscription of our citizens to the "Civic Responsibility Package" at the federal level, precisely in the subscriptions for Compulsory Independence Due (CID), Ambazonia Restoration Fee (AR-Fee) and Ambazonia Communication Tariff (ACT).

## Principles

### 1) Destination

All of funds raised in the diaspora will go DIRECTLY to the executors in GZ-G1 (ARF and Humanitarian agents respectively) for implementation of approved projects.

### 2) Percentage

The percentage allocation of all funds raised will be: 90% for GZ defense, 10% for G1 humanitarian and 0% stipend to any diaspora leadership, IG official or stakeholder services.

### 3) Reporting

An additional level of oversight aimed at building trust will be assigned to all donors, especially AR-FEE subscribers, where donors will be informed, and a common

consensus acquired in decision making on the management of the People's funds. By this innovative component in the accountability efforts, compliant citizens to their commitments to the three civic responsibilities at the federal level (CID, AR-FEE, ACT) will be reconciled in the Recalibration Reporting (RR) forum where they will be privy to reporting, involved in decision making on the management of our funds as well as entitled to feedback on the delivery of approved projects by the organs coordinating the delivery of our approved projects – DSS, ANSC, HSS, DFA, DCIT and the Presidency.

### **Guarantee**

The IG has undertaken a series of procedures and measures on all financial platforms to ensure:

- i) Good standing in the management of the people's funds,
- ii) Cost-effective transaction options for donors worldwide and
- iii) Zero/low risk procurement contracts.

### **Conclusion**

The three fund management Principles (Destination of funds, Percentage allocation of funds, Reporting to donors) and the three fund management Guarantees (Good standing of payment platforms, Cost-effective transactions, Zero/low risk procurement contracts) in the AA policy, put your Interim Government in the position of transparently taking responsibility for the appropriate management of the Ambazonian people's resources.

To achieve the IG's vision and the strategic liberation plan entailed in the recalibrated mindset for the management of our liberation struggle, subjecting ALL Ambazonians to this meticulous ACCOUNTABILITY processes of the AA Policy, will GUARANTEE effective ACTION on the ground, hence a speedy liberation of homeland.
